

On 08/06/2017, Inmate WATSON, B-37999, reported to me that his Bible he had for 42 years was stolen in B-Facility Chapel during Sunday Service. It was described as a Blue Leather Bible with his name embossed on it, in a Burgundy Zipper Bible Case approximately 7" x 10". I searched a couple of cells but did not find it. Several days later I asked inmate WATSON if he had found his Bible. He responded; He had not. To this date the Bible is still missing.
