

Mending The Body Yard Evangelism

Worship † Bible Quiz † Evangelism † Food Spread

This diagram describes a set-up for a powerful time of evangelism on the yard, including worship, a Bible quiz, prize drawings, exhortation, testimony, drama and a food spread for each housing unit. See the "Mending the Body Worksheet" to help plan this event.

This ministry must take place in the individual housing units, before taking it to the yard. Make sure you use the "Mending the Body Building Meeting Plan" to carry out your weekly accountability meeting.

Mending the Body of Christ starts by admitting we are scattered and have a need to serve one another for the purpose of joining the body together in love.

As the members agree to meet weekly in their housing units to develop unity and love for one another, a vision develops for reaching the lost around them.

It becomes a common site to see discipleship, witnessing and believers praying for each other and for unbelievers. As others receive Christ, they are offered discipleship, prayer, Bible studies and a chapel schedule.

All of the sudden, as the body awakens from its limited view, that ministry takes place only in the prison chapel, exciting new possibilities for ministry come alive.
